## SUMMARY

---

AI and software developer passionate about building intelligent applications focused on automation, human-computer interaction, and modern web experiences. Skilled in Python, JavaScript, React, Next.js, OpenCV, and Generative AI tools with hands-on experience developing real-time systems, responsive web platforms, and AI-powered automation solutions.

## TECHNICAL SKILLS

---

- **Languages:** Python, JavaScript, HTML, CSS, SQL
- **Frameworks & Libraries:** React.js, Next.js, Tailwind CSS, OpenCV, MediaPipe
- **Tools & Platforms:** GitHub, Vercel, VS Code
- **AI & APIs:** OpenAI API, Gemini API, TensorFlow.js
- **Concepts:** REST APIs, Responsive Design, Automation, AI Integration

## EDUCATION

---

**KL University**

Bachelor of Technology in Computer Science and Engineering 9.1/10.0 CGPA

Guntur, India

Expected 2028

## PROJECTS

---

**AI Desktop Assistant — Gesture Recognition System — Portfolio Website**

- Developed and deployed AI-driven applications focused on automation, human-computer interaction, and modern web experiences using Python, Next.js, OpenCV, MediaPipe, and Generative AI APIs.
- Built a smart desktop assistant capable of handling voice commands, task automation, and real-time conversational interactions to improve productivity and workflow efficiency.
- Created a gesture recognition system with face authentication and real-time hand tracking that enables touch-free computer control and interactive system navigation.
- Designed and deployed a responsive personal portfolio website with smooth animations, modern UI components, and optimized performance using Next.js, Tailwind CSS, and Vercel.
- Focused on building scalable and user-friendly solutions by integrating AI capabilities with clean interface design and real-time processing techniques.

## CERTIFICATIONS

---

- NPTEL Certification in AI and Machine Learning
- Lingua Skill Certification
